C. READING COMPREHENSION

I. Read the passage and answer the following questions. (1,5 points)

I have twin brothers, Tim and Tom. They are very similar and a lot of people don't know which is which. They both have blond hair and blue eyes, and they always wear jeans and T-shirts. They like doing the same things, too. For example, they both like jazz and they're crazy about

football. They go to a football match once a week. Tim doesn't like dancing or discos and Tom doesn't like them, either. Although they're twins, they're not exactly the same at everything. Tim works hard at school because he wants to go to university, but Tom is a bit lazy. Our mother is often away from home because of her job, so we all work together in the house. Most of the time it's fine, but sometimes we fight a bit!

1. Is Tim very similar to Tom or different from him?
2. What do they look like?
3. What do Tim and Tom always wear?
4. How often do they go to a football match?
5. What don't they like?
6. Why is their mother often away from home?

II/ Read this passage and decide whether these statements are True or False. (1,5 points)

The country is more beautiful than a town and more pleasant to live in. Many people think so, and go to the country for the summer holidays though they cannot live there all the year round. Some have a cottage built in a village so that they can go there whenever they can find the time.

The village green is a wide stretch of grass, and houses or cottages are built round it. Country life is now comfortable and many villages have water brought through pipes into each house. Most villages are so close to some small towns that people can go there to buy what they can't find in the village shops.

1. The town isn't so beautiful as the country.
2. Many people live in the country all the year round.
3. Everyone builds a cottage in the village in order to go there at any time.
4. Country life is now comfortable.

Many nights we pray With no proof anyone could hear And our hearts a hopeful song
We barely understood Now we are not afraid Although we know there's much to fear
We were moving mountains long Before we know we could There can be miracles
When you believe Though hope is frail It's hard to kill Who know what miracle
You can achieve When you believe Somehow you will You will when you believe
In this time of fear When prayer so often proves in vain Hope seems like the summer birds
Too swiftly flown away And now I am standing here My heart's so full I can't explain
Seeking faith and speaking words I never thought I'd say There can be miracles
When you believe Though hope is frail It's hard to kill Who know what miracle
You can achieve When you believe Somehow you will They don't always happen when you
ask And it's easy to give in to your fear But when you're blinded by your pain
Can't see you way safe through the rain Small but still resilient voice
Says love is very near There can be miracles (miracles) When you believe (When you
believe) Though hope is frail It's hard to kill Who know what miracles You can achieve (You
can achieve) When you believe Somehow you will (Some how, some how, some how)
(Some how you will) No, no, no, no You will when you believe You will when you believe
You will when you believe Just believe You will when you believe You will when you believe

Have you ever wondered what the weather is like in other places around the world? Today, I'd like to talk about the changing seasons in my city. The winter season usually begins in December and ends in early March. The coldest month is January, and temperatures can drop below freezing for most of this month. The city usually averages about 30 inches of snow during this 3-month period. Occasionally, we have snow storms that can drop a foot of snow in a very short period of time. Spring usually arrives in late March, it's a beautiful season because the flowers start to bloom. It is sometimes windy, and this is great for flying kites. People in my city often like to go on picnics, stroll though parks, and play outdoor games. Summer starts in June and it's very dry with little rain throughout the season. Fortunately, the weather is very dry with low humidity, so it is real pleasant even on hot days. And finally, summer changes to fall in late September when the weather cools off, and the trees begin to change colors. A lot of people enjoy driving into the mountains and viewing the fall colors.
